1 Set the Goals

Define the output you want to create in a a couple of sentences

Build an end-to-end LSTM-based deep learning model to predict future stock prices using historical stock market data.The project will include data collection,preprocessing,exploratory data analysis, feature preparation, model training, evaluation and visualization of prediction.

Add the skills that you want to learn by the end of the menternship

1 Time Series Data Analysis	2 Data Preprocessing & Feature Engineering
3 LSTM / RNN Deep Learning	4 Model Evaluation & Prediction Visualization

Add the key learnings you want

1 Understand how LSTM networks work for time-series forecasting.

2 Learn how to prepare sequential stock market data for deep learning.

3 Train, evaluate and improve an LSTM prediction model.

2 Major Constraints

Add the constraints you face in working on the tasks mentioned in the menternship (for example: data cleaning, creating a content calendar)

1 Handling and preprocessing historical stock market time-series data.

2 Creating appropriate sequences and selecting suitable features for LSTM.

3 Tuning the LSTM model and evaluating prediction performance accurately.

Find resources on your own that can help you and add below

1 Python Documentation	2 Pandas & NumPy Documentation
3 TensorFlow/Keras Documentation	4 Scikit-learn Documentation
5 Kaggle	6 Mentor guidance

3 Add the schedule

Add the Schedule Below

Stage	Add the deadline by when you want to complete the corresponding steps	Tick when completed
Start of the Menternship	September 12, 2026	☑
Complete the Workplan and Submitted	September 17, 2026	☑
Component 2	September 19, 2026	☑
Component 3	September 21, 2026	☑
Component 4	September 23, 2026	☑
Component 5	September 25, 2026	☑
Completed the Menternship	September 29, 2026	☐
Recieved the Feedback over email		☐
Submitted the Final Draft		☐

Schedule for Mentor Sessions (If applicable only)

Stage	Date (Double click on the cell below and add a date)	Tick when completed
Mentor Session 1	September 16, 2026	☑
One on One Call (Book one when you have specific queries)		☐
Mentor Session 2	September 23, 2026	☑
Mentor Session 3		☐
One on One Call (Book one when you have specific queries)		☐
Mentor Session 4		☐

	Do not alter
	You need to fill
